

## **Online Audition Process**

A live online audition is the fastest way to audition and still have face-to face contact with a recruiter.

At Fred Pryor Seminars/CareerTrack, our central mission is making training accessible, affordable and A+. Our online audition process is just one way we accomplish this mission. You can audition from the convenience of your home, your office, or on the road at a time that fits into your schedule. You simply need a camera and microphone for your computer.

## **Services for Online Auditions**

Our preferred choice for a video audition is **ooVoo** ([www.oovoo.com](http://www.oovoo.com)). We've found ooVoo to be the easiest and the best quality for an audition. You can also audition if you have Windows Live Messenger (the latest version).

### **You will need:**

- A computer camera and microphone (a camera with a built-in microphone works best, but separate components are also acceptable)
- A high speed Internet connection
- A downloaded and installed version of **ooVoo** or **Windows Live Messenger**

Once you meet these requirements and are ready to audition, send your log-in name and the e-mail address you used to sign-up for the service to [pfoltz@pryor.com](mailto:pfoltz@pryor.com) so that we can contact you at the time of your audition. We also ask that you send us a phone number where you can be reached in case of technical difficulties.

The recruitment team will sign you up for a 30-minute time slot. Be online and in the service of choice at least 10 minutes before your audition time. You will have an opportunity to ask questions both before and after your 10-minute audition.

See you in Cyberspace!  
Good luck!
